

STATEMENT OF QUALITY POLICY

Axxela Limited (“Axxela”) is committed to providing quality service to our customers in the provision of energy resources that meet or exceed expectations.

We are also committed to the tenets of NIS ISO 9001:2015 Standards, where each individual has the responsibility to ensure continual improvement of the Axxela Quality Management System.

To achieve this, we have set corporate, departmental and individual goals and objectives to ensure that the delivery of natural gas and power to our customers is safe, reliable and environmentally friendly.

Axxela's Quality Policy and Objectives, which form a significant part of our corporate culture, have been communicated to all employees and they understand their roles in achieving them.

In addition, we are committed to ensuring and maintaining high quality standards in line with international best practices.

This policy is subject to appropriate reviews, as may be determined from time to time by the scope and requirements of our business.
